The undersigned, desiring to publish the above paper in the **18th ICGG 2018 Proceedings**, hereby transfers their copyrights of the paper to International Society for Geometry and Graphics (ISGG). The undersigned hereby represents and warrants that the paper is original and that he/she is the author of the paper, except possibly for material such as text passages, figures, and data that clearly identify the original source, with permission notices from the copyright owners where required. The undersigned represents that he/she has the power and authority to make and execute this assignment.

The authors retain the following rights:

- All proprietary rights other than copyrights.
- Re-use of all or part of the above manuscript in their work.
- Reproduction of the above paper for personal and internal use or voluntary posting by an author on the author's personal website, the author's institutional website or on preprint servers for scholarly purposes, provided that: (a) the source and the ISGG copyright are indicated, (b) the copies are not used in any way that implies ISGG endorsement of a product or service of an employer.

In the event the paper is not accepted for publication in the Conference Proceedings or it is withdrawn by the author(s) before the final acceptance by the ISGG, this agreement becomes null and void.
